## **HAN-TEK Announces New, Fast P&H Parts Availability, Directly Through Parts Department**

(VICTOR, N.Y., Sept. 3, 2004) – HAN-TEK, Inc., a solutions provider of advanced automation technology for manufacturing assembly and product distribution, is pleased to announce a better way for their customers to purchase P&H parts:

In an effort to further enhance HAN-TEK service, customers can now order their P&H parts needs directly from HAN-TEK and receive these advantages:

- ◆ VIP Orders (Rush service)
- ◆ Competitive Pricing
- ◆ Assistance with Warranty Work
- ◆ Service Repairs

HAN-TEK customers have come to expect the highest level of satisfaction and quality with all HAN-TEK products and services. By making P&H parts available directly through their parts department, they are reinforcing their strong commitment to their customer's crucial needs.

Steve Benton, Service/Parts Manager states that as a result of these enhancements, "I am confident that we can meet and surpass customer needs."

HAN-TEK now carries an inventory of P&H parts in-house, enabling them to offer same day shipping on many items. In addition, HAN-TEK provides 24-7 parts and service access at 800-836-0237. (Off-hour emergencies, please call 888-517-7361).

*HAN-TEK, Inc., an ISO 9001:2000 registered company headquartered near Rochester, New York, customizes advanced automation technology to optimize manufacturing-assembly and product-distribution systems. Founded in 1961, HAN-TEK specializes in overhead cranes, integrated conveyors, and systems automation and controls.*
